

About Us

Abdullah Hurtz Company (Pvt) Ltd. is a manufacturing and trading enterprise that operates alongside a group of companies specializing in castings, including aluminum, steel, cast iron, and more. We offer tooling and machining facilities, and we are involved in international projects that provide unit installations or comprehensive solutions, complete with consultancy and fieldwork.

We are capable of supplying a diverse range of products across various sectors, and we can also create customized solutions either in-house or by collaborating with our other companies under our group umbrella.
